1 Certification fee

1.1 Structure of certification fee

The certification fee consists of followings;

- (1) Basic fee (basic certification fee for initial certification in 1.2 below and basic certification fee for supplemental inspection in 2.1 below);
- (2) Actual expenses of traveling expenses and accommodation fee of inspector;
- (3) Per diem allowance of inspector; and
- (4) Other additional inspection fee in case it is required.

1.2 Basic certification fee for certification

(Unit: US\$)

Fee Category	Initial certification inspection				Annual audit inspection		
	Application fee	On-site inspection	Certification management	Total	On-site inspection	Certification management	Total
P1/P1H1 P2/P2H1	800	1,600	800	3,200	1,600	800	2,400
H1	400	1,200	800	2,400	800	800	1,600
H2	800	1,600	800	3,200	1,200	800	2,000

[Explanatory notes]

P1 : A producer that produces crop(s) in farm fields.

P2 : A producer that collects or harvests wild crop(s).

H1 : A handler that handles agricultural products, storage, screening, packing and shipping only.

H2 : A handler that handles agricultural products other than H1.

P1H1: An entity that seeks double certification of producer (crops) and handler (storage, screening, packing and shipping only) and applicable in case handling in producing area.

P1H2: An entity that seeks double certification of producer (crops) and handler (other than H1).

P2H1: An entity that seeks double certification of producer (wild crops) and handler (storage, screening, packing and shipping only).

P2H2: An entity that seeks double certification of producer (wild crops) and handler (other than H1)

[Remarks]

- 1) Group certification is given on the basis of a complex of farm/farm facility for a producer. Where an application is made for plural farms/farm facilities, it is treated as a single certification, provided that they are located in a same locality and controlled under the

same management.

- 2) Group certification is given on the basis of a factory/warehouse/office for a handler. Where an application is made for plural ones, it is treated as a single certification provided that they are located within a same locality and controlled under the same management.
- 3) Certification are given to individual operations in a joint operation of producers or handlers, while certification fee is calculated based on the whole joint operation as one operation with additional fee of US\$100.-/certification.
- 4) In case a special audit inspection is required based on the external information etc. to investigate the appropriateness of the business performance by the certified entity, the same amount of the audit inspection fee above is charged.

1.3 Actual expenses

Actual traveling expenses incurred for on-site inspection includes accommodation fee, traveling expenses and rent a car charge.

1.4 Per diem

Inspector's per diem is US\$90/person/day.

1.5 Other additional inspection fees

- (1) Lecture fee of US\$400/lecture is charged, when an applicant requests OMIC to hold an explanatory lecture course for the better understandings of the organic scheme concerned at the on-site inspection.
- (2) The on-site inspection fee is set on the assumption that the on-site inspection is completed in one day. An extra inspection fee of US\$400/person/day in addition to actual expenses and inspector's per diem is charged, when more than one day is required for the on-site inspection due to multiple business locations etc.
- (3) When an additional on-site inspection is required following initial certification inspection or audit inspection to determine compliance with the Act and NOP regulations, inspection fee of US\$400/person/day in addition to actual expenses and inspector's per diem are charged.

2 Supplemental certification fee

2.1 Substantial Change of Certification

- (1) Supplemental certification inspection is required for the increase of farm fields, production/processing lines or substantial change of production/handling facility or operation method. The supplemental certification fee is shown in the table below. For the on-site inspection, actual expenses (1.3 above) and inspector's per diem (1.4 above) are also charged.
- (2) No supplemental certification inspection fee is charged in case the supplemental inspection is carried out during the annual audit inspection as far as the inspection is

completed within the time frame of the normal audit inspection. However, additional on-site inspection fee of US\$400/person/day is charged, in case it is required to extend on-site inspection days for the supplemental inspection of the production site(s) due to the remote location, etc.

(Unit: US\$)

Category	Supplemental certification inspection fee		
	Document inspection	On-site inspection	Total
P1/P1H1 P2/P2H1	400	400	800
H1	400	400	800
H2	400	400	800

2.2 Minor Change of Certification

- (1) Supplemental certification fee of US\$100/item is charged for the certification of minor change of certification such as increase of the item of agricultural products of production or handling.
- (2) Only document inspection fee on the above table is charged for the addition of the warehouse with the OMIC certification.

3. Discount Certification Fee for Collateral Certification

The certification fees on the tables in 1.2 and 2.1 above are discounted at 50% for the applicants of certification, and certified operations who fall under followings:

- (1) Entities to seek collateral organic certifications of JAS and NOP; and
- (2) Entities certified with JAS organic certification by OMIC.

[Note] JAS: Japanese Agricultural Standards, Japan

NOP: National Organic Program, USA

4 Issuance Fee of Document Copy

(Unit: US\$)

Documents	Issuance fee
Certification certificate	50.00/certificate
List of certified producers and handlers	20.00/set
